His participation in his home club included Concours, Rally, Slalom, hospitality, membership, newsletter editor, touring, and finally president. Mark has served as JOCLA President 15 times during his membership and will be serving his 16th in 2023. He has successfully revived the CAL CLUBS MEET/REUNION in SEQUOIA 2017 and MORRO BAY 2019-22, a historic regional event of California Jag Clubs. He introduced several JCNA Programs such as the Driven Class and Judges School.

He has been chairmen of several WESTERN STATES MEETS, AGM'S, CAL CLUBS MEET/REUNION, and most recently the very successful 3rd INTERNATIONAL JAGUAR FESTIVAL SANTA BARBARA. Mark has made it a point in participating with other clubs in his region in concours and other events. He is currently the Chairman of the JCNA Membership Committee and the Chairman of the JCNA IJF Organizing Committee. He is always available to talk with member clubs and membership. "He is one of the most versatile club members the JOCLA has had in so many years," Judy Graven Past President, JOCLA.

Mark was awarded the ANDREW WYTHER SERVICE AWARD in 2018. His mantra is "You don't want Your last meal to be JELLO!" Mark has focused most of his attention in the expansion and effectiveness of the JCNA Membership Committee by restructuring it to include all JCNA Member Club Membership chairman's, the result being a more inclusive and proactive organization, an ear for the JCNA administration to hear what is needed by the membership at large.

Mark is a visionary and a doer. He gets the job done, includes key personnel, investigates the issues, and finds solutions and manages results. He has mentored several presidents and chairman's in his region. He is the 2023 IJF Chairman in Santa Barbara. He also is the Chief Judge for several SWR Clubs and a contributor of articles for the Jaguar Journal. Mark believes that clubs within a region should work together and support each other in all in all events, associate memberships, and more. Finally, Mark sees JCNA in a transition period and believes that the leadership must respond to the "NEXT GENERATION" of JCNA members.
