To all IJF 2020 Participants

2020 has been the year any of us could imagine. We have all felt a massive sense of uncertainty and experienced the chaos with new challenges caused by COVID-19.

Considering the current pandemic, which may continue through this year, and possibly into next year, hosting a concours, or any show under these conditions, is a Loss, Loss, for all concerned.

The bottom line is not how many members attend or how many sponsors exhibit; it is about the safety of our people. The health and well-being of our Attendees, Sponsors, Judges, and Volunteers are our number-one priorities.

Without a clear picture of how the virus will impact lives come October, and with no influence or control over potential new or ongoing safety processes, the JCSWF board members have concluded that we cannot place attendees, sponsors, or visitors in jeopardy of illness and or in a life threatening environment.

With deep sadness and respect for JCNA and the IJF event, the Jaguar Club of Southwest Florida has decided to cancel and or reschedule the IJF 2020 in 2021.
