This Rule Book is formatted for printing after downloading from the JCNA web site and placing in a 1” inch white binder with clear binder cover and spine. If practical, print the cover page on heavy card stock and slip it in behind the clear binder cover. Print this binder spine page on heavy card stock and trim close to the box outline. Open the binder up and lay it on a table then slip this binder spine into the narrow slip. *Note: The JCNA logo should be at the top of the spine.*

## **Official JCNA Concours d'Elegance Rule Book - 2008**

Since this effort is formatted for printing direct from a PC, slip-sheets (used to assure new chapters start on the right hand page) have not been included. For those who may want to make several copies, printing on both sides of the paper for economy, the use of a reproduction house is suggested. These businesses, if asked, will add slip-sheets as necessary to make new chapters begin on the right hand page. They do it everyday.
