

**Jaguar Clubs of North America** will be holding its 53<sup>rd</sup> Annual General Meeting in March of 2011.

**The Jaguar Club of Virginia** is proud to have been selected to host this distinguished event.

We have contracted with **The Virginia Crossing Resort** to be our headquarters. This will be a spectacular setting, which we anticipate will attract much attention and high attendance. JCNA Board members will arrive Thursday evening, March 24. Friday will be devoted to the JCNA Board meeting during the day, followed by a reception that evening for the delegates and attendees. We are approaching Jaguar Cars to speak at the reception, and discuss any new Sports cars. Saturday, March 26, will be the AGM, followed by a grand banquet. This banquet will feature early remembrances of the introduction of the E-type as presented by **Norman Dewis**. North American awards will be presented.

We have a very special post-AGM event Sunday. A regional gathering, featuring all E-type and its 50<sup>th</sup> Anniversary. This will be a popular vote show and clinic, hopefully showing 100 E-types.

We are pleased to have Norman Dewis, one of the last E-type test drivers, as our special guest speaker to celebrate the 50th anniversary of this special car.

Norman was Jaguar's chief test development engineer from 1952 to 1985. He was involved in the further development of the C-type Le Mans car and the 190mph D-type. He was also

instrumental in the introduction of Dunlop disc brakes on Jaguar race cars, which helped Jaguar win 4 Le Mans races in the 1950's and working with racing greats like Stirling Moss and Jack Broadhead. Norman was responsible for testing and signing off on all of Jaguar's road cars, most notable, the E-type of 1961 and all subsequent versions of this great sports car until his retirement in 1985. He now travels the world as an unofficial ambassador for Jaguar.
