

CR-10 Awards Committee Report

The 2011 competition results are now final as of Jan 24 with 279 trophies scheduled to be made and mailed out. I am in the middle of getting the address labels so that the letters may be mailed out to the winners. This is important as verification must be done to correctly engrave each plate. Once the correspondence is returned or sent in Via E-mail the engraving will be done and the trophy mailed to the proper address. The objective is to complete the job prior to the AGM March 10.
