

## DI-3 Special Division, Replica Class

At a recent concours, several problem items came to light. There was an S-4 Replica Class SS 100 presented for judging. At the evening awards dinner, several problems arose. The S-4, beautifully built SS 100 won both Best in Show and People's choice, both Club Awards. It beat out an excellently restored Series 3 E-Type.

The question is, should a statement be added to the rule book recommending that replica class cars not be able to compete for both Best in Show and People's Choice.

**Recommendation:** Create a SPECIAL DIVISION "Replica Class" windshield placard for such cars, thus informing the general public that these entries are in fact replica cars and not authentic cars.

## Chapter II, Entry Eligibility, Awards, Divisions and Classes

### SECTION 4 - SPECIAL DIVISION

#### B. SPECIAL DIVISION CLASSES

##### Note 4: Class S4

Replicas must appear to be an accurate reproduction of the original model Jaguar they replicate.

**Replica Division entries are to display SPECIAL DIVISION "Replica Class" windshield placards thus informing the general public that these entries are in fact replica cars and not authentic Jaguars.**

**As Best in Show and People's Choice awards are both club awards, it is recommended that Replica Division entries be awarded either the Best in Show or People's Choice but not both.**
