## A Letter from the President...

Welcome to the email version of our monthly newsletter for December 2020, *Felis Onca*.

As we wind down a very unusual year we want to thank all of you who got out and did your best to have fun with friends and family – I know it was hard to do and there were challenges. But a club just is not a club without each of you, and we value your participation and partnering in keeping it safe and enjoyable. Holiday wishes to you all!

I have 3 things to ask of you as we end 2020 here:

1. **Please pay your 2021 dues.** Links are below, and there are no changes to rates for 2021 – it's the least we can do to help a little...
2. **Vote for your 2021 IEJC club officers.** The candidates are the same as 2020 but we would like your vote nevertheless.
3. **Please consider our IEJC sponsors** and supporters advertising throughout and in the classifieds as you do your holiday shopping – they offer unique gifts and opportunities for the car lover in your life, or for yourself.

So in November we had the pleasure of joining the SDJC for their post Concours luncheon at the Bali Hai. See some photos of the beautiful day in this month's edition.

We also headed out to Palm Springs for the McCormick Auction - See details inside.

Unfortunately, out of an abundance of caution, and to give you all a rest from a full couple of months, we are cancelling events for December – please spend it safely with loved ones and we will take a crack at 2021 next month...

On to this month's Jaguar News:

Ever thought of buying a pre-owned Jaguar? The article from ALG may increase your confidence – see inside.

Formula 1 season is pretty much over at this point (man can Lewis Hamilton drive), but for those of you following Formula E check out the Jaguar offering for 2021 – an already competitive team will be poised for great things.

Worried about a bunch of driverless cars on the road? So is JLR, so they are building a “fake city” to test the technology. And the I-Pace will be used to test the design. See more info inside.

We ended last month's Jaguar News on a high note, so for the sake of parity we share with you the heart-wrenching tale involving one of the rare XJ220s – not for the squeemish...

This month you will also find updates on JCNA club news, including an invitation to a club conference on membership which you are welcome to attend.

Hey! We are moving IEJC swag, and there is still a chance to get your hands on our stylish hats, and sweatshirts to keep you warm and cool at the same time! Purchase using the form in the newsletter.

[Riverside Jaguar](#) has just completed construction of their gorgeous new showroom. Visit Karla Curtsinger and her staff and receive a 15% discount on service.

Sign up to become a member of the IEJC and receive even more benefits – subscription to the Jaguar Journal, discounts on cars and service at Riverside Jaguar, and the warm companionship of dedicated Jaguar owners...

Please have a safe Holiday and New Year, and the Best for 2021!!

Dear Members,

I am selling 4 Lexani Concave Sport Series Rims, 22" Size along with 4 Delinte Thunder Tires. These Rims and Tires were previously used on my Jaguar XF Model. I am currently listing these Jaguar Rims and Tires on Craigslist for \$950. I live in Fountain Valley, CA and can be reached at Tel 562-673-7586.

Robert L Smith

Attached are photos of the unopened package containing a full set of black OEM front and rear floor mats for Jaguar X308 series. I had bought these for eventual concours showing of my 1999 XJR. However, last October the car's transmission failed beyond economical repair and I donated it to charity without ever using the mats.

I'm aware that this set lists from the Dealer at just over \$250. My asking price is \$100 or reasonably close, with the Buyer either paying least cost shipping, or local pickup if you are in the San Diego area

## ELEMENT ADVANCED FIRE PROTECTION

Fire extinguishers have not changed much in the past 100 years. A large, heavy cylinder of compressed gas filled with a messy powder is an antiquated way to put out a fire.

Element uses a tested and proven technology, created for the space program, that fights fires on the molecular level. By chemically interrupting the chain of combustion, Element safely and effectively puts out fires without the mess, toxicity, or danger associated with a traditional extinguisher.

About the size of a road flare, the Element fire extinguisher has a discharge time of 50 seconds compared to about 12 seconds for a standard 5 lb. extinguisher while taking up almost 75% less space in your car, truck, or boat. Furthermore, the Element extinguisher can be stored in hot, cold, or wet environments with no detrimental effects, *and it never expires and never needs servicing.*

Best of all, the Element extinguisher leaves no residual white-powder mess when deployed like traditional extinguishers. Also, the Element is certified effective against all types of fires (A, B, C and K) while most home center extinguishers are good for only one or two types.

Designed to fit in most glove boxes, the Element comes with a multi-purpose mounting bracket. Magnetic brackets (for mounting on a toolbox or trunk lid, for example), and heavy-duty mounting brackets suitable for high vibration environments (as in a race car) are also available.

The buzz around this fantastic new product has been terrific, including segments on several MotorTrend shows. Check out this YouTube video piece from Jay Leno's Garage which shows the Element in action. (<https://tinyurl.com/y4t46wnm>)

Element is being sold in this area by Element Fire Technology/California of Rancho Santa Margarita. Currently we are offering free shipping and we pay the sales tax to all Club Members. The E50 Element sells for \$79.95 with the standard mounting bracket.

Check us out at [www.elementfireCA.com](http://www.elementfireCA.com). Order online or by calling or emailing as shown in our ad.

## Buick and Jaguar Win Overall Brand Honors in 5th Annual 2021 ALG Pre-Owned Value Awards

### **ALG recognizes pre-owned vehicles expected to retain the highest value**

SANTA MONICA, Calif., Nov. 16, 2020 (GLOBE NEWSWIRE) -- [ALG, Inc.](#) the industry benchmark for forecasting future vehicle values, and the analytics subsidiary of [TrueCar, Inc.](#) (NASDAQ: TRUE) today announced the winners of the 2021 Pre-Owned Value Awards (POVA), ranking Buick and Jaguar as the top Mainstream Brand and Premium Brand respectively.

“Buick and Jaguar provide consumers the best of both worlds, the luxury and quality of a great vehicle coupled with the value and peace of mind of Certified Pre-Owned (CPO) program benefits. This combination has propelled Buick and Jaguar to the number one brand spots in their respective categories for this year’s Pre-Owned Value Awards,” said Eric Lyman, Chief Industry Analyst at ALG.

The 2021 POVAs are awarded to vehicles with the lowest forecast depreciation from two years of age to five years of age, during the period 2020-2023. Vehicle segmentation is based on ALG’s proprietary automotive segmentation, which takes into account information such as vehicle size, transaction price, and cross-shop information.

“About half of consumers trade-in their existing vehicle when they’re buying their next car and use that trade-in value toward the purchase of their next car. As consumers begin their vehicle selection process, ALG’s Pre-Owned Value Awards are a great resource in helping consumers identify the used vehicles that best hold their value and get the most bang for the buck upon resale,” add Lyman.

This is Buick’s first time winning in POVA’s overall Mainstream Brand category and Jaguar’s first time winning in the Premium Brand category.

For the first time, ALG introduced the Micro Utility category to this year’s awards. Jeep took top honors in the new category with the Jeep Renegade.

Award winners are determined through careful analysis of used vehicle performance, brand outlook and product competitiveness. Eligibility for a brand award requires a manufacturer to have vehicle entries in at least four different segments. To account for differences across trim levels, model averages are weighted based on percentage share relative to the entire model line.

## About ALG

Founded in 1964 and headquartered in Santa Monica, California, ALG is an industry authority on automotive residual value projections in both the United States and Canada. By analyzing nearly 2,500 vehicle trims each year to assess residual value, ALG provides auto industry and financial services clients with market industry insights, residual value forecasts, consulting and vehicle portfolio management and risk services. ALG is a wholly-owned subsidiary of TrueCar, Inc., a digital automotive marketplace that provides comprehensive pricing transparency about what other people paid for their cars. ALG has been publishing residual values for all cars, trucks and SUVs in the U.S. for over 55 years and in Canada since 1981.

## About TrueCar

TrueCar is a leading automotive digital marketplace that enables car buyers to connect to our nationwide network of Certified Dealers. We are building the industry's most personalized and efficient car buying experience as we seek to bring more of the purchasing process online. Consumers who visit our marketplace will find a suite of vehicle discovery tools, price ratings and market context on new and used cars -- all with a clear view of what's a great deal. When they are ready, TrueCar will enable them to connect with a local Certified Dealer who shares in our belief that truth, transparency and fairness are the foundation of a great car buying experience. As part of our marketplace, TrueCar powers car-buying

programs for over 250 leading brands, including AARP, Sam's Club, and American Express. Nearly half of all new-car buyers engage with TrueCar powered sites, where they buy smarter and drive happier. TrueCar is headquartered in Santa Monica, California, with offices in Austin, Texas and Boston, Massachusetts.

## Jaguar unveils new Formula E car for 2020/21 season

After the Marrakesh E-Prix, the team sat third in the constructors' standings - on course for its best-ever finish in FE - behind only eventual champion DS Techeetah and BMW Andretti.

But when the season resumed following the initial COVID outbreak, a dip in form at Berlin - attributed to a loss of car balance - meant Jaguar fell to an eventual seventh.

It has now launched its I-Type 5, which features a new powertrain developed in-house and revised suspension, and that has been homologated for the next two seasons.

Jaguar Racing team director James Barclay told Motorsport.com: "There's over 1000 new components. There's some really cool technology in the car - we actually use 24-karat gold in the invertors.

“We looked at all the areas not only to improve efficiency, but to reduce weight and lower the centre of gravity.

“We’ve not only looked at the marginal gains, every area we can find an opportunity, but also, where possible, if there are any bigger steps to achieve, we’re looking to try and find those as well.”

The global health crisis has pushed back some teams’ development path, meaning they will delay the entry of an all-new car until April under revised regulations aimed at cutting costs.

Barclay added that Jaguar had always planned to start the new season with a fresh package.

“The championship is getting more competitive every season,” he told Motorsport.com.

“We do feel that, although we had a competitive car early on last season, no one is going to stand still.

“Our view was to introduce a new car and that’s what we’ve worked towards.”

Dominant Mexico City E-Prix winner Mitch Evans and new signing Sam Bird have extensively tested the I-Type 5 at the Abingdon airfield during the off-season.

Bird, who joined from Audi customer team Envision Virgin Racing, reckoned: “It does feel like a bigger team. No disrespect to my previous team, who were very solid.

“The first day walking into Jaguar, the resources that they have on tap are far greater than what I’ve experienced previously. We do utilise many of those.”

“We’ve got the tools capable of potentially producing some really great results.”

Bird, who previously held talks with Jaguar but deferred joining until the seventh season of the all-electric championship, said he had not waited too long to switch.

“The timing is actually perfect. Every single year they’ve improved and now is the right time to be joining.”

# Jaguar Land Rover Builds Fake City To Test Driverless Cars

A driverless Jaguar I-Pace will be used to trial the technology.

Land Rover has been researching and developing autonomous driving technology for several years now. Back in 2018, the automaker announced a partnership with Waymo to develop self-driving versions of the Jaguar I-Pace.

But unleashing self-driving Discovery and Range Rover SUVs with unproven technology onto the public road obviously isn't a good idea and could cause a fatal accident.

Instead, Land Rover is collaborating with global software, mobility, and telecoms companies to create a "smart city hub" to test self-driving cars in real-world scenarios on streets with cars, pedestrians, and cyclists. As part of a collaboration with technology companies such as Cisco, Seagate, Renovo, and Red Hat, Jaguar Land Rover will develop a private testing facility called the 'The Future Mobility Campus Ireland'.

## JAGUAR LAND ROVER DEVELOPS SMART CITY HUB

Located in Shannon, Ireland, the facility will feature eight miles of road to test driverless cars. This will enable Jaguar Land Rover to gather sensor data, simulate different road environments and traffic scenarios, and test new technologies. A [Jaguar I-Pace](#) electric SUV will be used to test the self-driving technology, allowing the automaker to advance its research into autonomous, connected, electrified and shared vehicles.

Jaguar Land Rover's test facility will be equipped with sensors, location systems, a data management and control center, and self-driving prototype vehicles. It will also feature smart junctions, connected roads, autonomous parking, and EV charging facilities.

# Jaguar XJ220 Featured On Top Gear Destroyed In Horrific Crash

It's the same car Freddie Flintoff pushed to 200 mph in a recent episode of Top Gear.

During a recent episode of Top Gear, Chris Harris, Paddy McGuinness, and Freddie Flintoff drove a Ferrari F40, Lamborghini Diablo, and Jaguar XJ220, three of the most iconic supercars from the 1990s. But as McGuinness [found out the hard way](#), these analog supercars are unforgiving as the slightest misjudgment can end in disaster. The host lost control of the Diablo on a damp road and crashed into a fence, causing extensive damage to the supercar.

Sadly, the Jaguar XJ200 featured in the film has now also been wrecked. Details about the accident are scarce, but it looks like the driver lost control on a country road and slammed into some trees, destroying the front fascia.

The front bumper and right front fender has also been ripped off, the windshield is smashed, and the driver's side wheel has detached. Luckily, nobody was injured in the crash, but the damage isn't going to be cheap or easy to repair. We're hoping this iconic supercar can be salvaged since only 281 were originally produced between 1992 and 1994. Only 28 are left in the UK, but that number could go down to 27 if this XJ220 is totaled.

It's believed the car is owned by XJ220 specialist Don Law Racing, which provided the car for filming. Don Law Racing also fitted an XJ220 engine into a Ford Transit to transform it into a 200-mph van.

Unlike the [Jaguar F-Type](#), the XJ220 doesn't have any modern driving assists like traction control and ABS, so it needs to be handled with care. We

don't know how fast they were driving, but a witness on social media claims "the driver was luckily fine and talking but nearly killed all of us!"

At least the XJ200 was given a good send off before it was wrecked. During its appearance on Top Gear, Freddie Flintoff managed to push the supercar to 200 mph. Under the hood, the Jaguar XJ220 is powered by a twin-turbo V6 producing 542 horsepower and 475 lb-ft of torque enabling it to hit 0-62 mph in 3.6 seconds and achieve a top speed of 212 mph. This performance made the XJ220 the [fastest production car in the world](#) until the McLaren F1 arrived.

# Experts: Classic Car Owners Should Beware Second Lockdown

by [unreadable]

Can you guess the reason?

With different governments threatening or even beginning a second wave of **lockdowns**, ostensibly to “stop the spread” of the novel coronavirus, experts are warning classic car owners of the risks. We all know firsthand that lockdowns are **devastating to economies**, particularly small businesses. They’ve also caused a spike in mental health problems, substance abuse, suicides, and domestic violence. A wave of divorce filings after might threaten a myriad of social and economic problems. But these lockdowns also carry a risk for your **classic car**.

Out of Britain, classic car expert Eric Collins recently spread the message that lockdowns might cause a classic car to “**deteriorate**.” As the cars sit for long periods of time, different parts can wear out, seize up, etc. If you already knew that then congratulations, because apparently not everyone is aware of the risks.

In some areas, going for a leisurely drive in your classic car is considered criminal. That means your beloved ride has to just sit in the garage or you could face a big fine and maybe even jail time. Not driving your classic at all can lead to all kinds of problems, just like with those barn finds we cover regularly.

Just how many problems your car gives you once you take it out of storage depends on many factors. Obviously, moisture is a bad thing for a car, so putting a dehumidifier in your garage is a wise move. Even better is a temperature-controlled garage, but not everyone can swing that.

You might consider pulling your classic out to do “essential” activities like going to the grocery store. Yes, there’s a risk with leaving it in a parking lot, especially with **car thefts rampant these days**, but you also run a risk by never using it.

Ultimately, you have the lockdowns to thank for being put in this precarious position. However, if you live where a second lockdown isn’t being instituted, **you’re lucky indeed**.

## IEJC Joins SDJC for Concours Afterglow by Diah Avery SDJC

Aloha friends,

I hope everyone who attended enjoyed themselves at the Bali Hai for the San Diego Jaguar Club Concours Afterglow and Election Luncheon. It was a lovely setting overlooking the San Diego Bay and downtown Skyline. Everyone looked very relaxed with their afternoon cocktails and their colorful Hawaiian Leis around their neck, quiet the luau in fact.

Dan and Jorgene came prepared, especially Dan who was the standout adorning of his floral wreath crown, making his future Presidential Statement. Surprisingly, the storm weather was cooperating, and we were very cozy with heaters close by under the marquee.

Unfortunately, due to the Purple COVID restrictions, there will not be a Holiday Party this year. I hope things improve so we can enjoy more wonderful Jaguar Club events next year.

Few highlights: Thanking Mark and his daughter Julie representing JOCLA and Mike and Ella representing IEJC. Nedra did a great job with raffle items, and we sold lots of tickets. 😊 In addition, she did a great job with the seating charts so it was a good mix at each table. Stay safe everyone. Mahalo, Diah.

## IEJC Makes Annual Trek to Palm Springs for McCormick Auctions 2020

A small contingent of IJC members and guests ventured out to Palm Springs for the annual November edition of the McCormicks Auction.

We met at the Starbucks in the center of town, then ventured over to the auction grounds. Beautiful weather and beautiful cars awaited. Ed Soens, a veteran of the auction, said the prices were strong (too strong even), but there were cars in every price range, and there was something for everyone.

After a few hours we split up for an afternoon on our own, during which we visited the beautiful Sunnylands garden in Palm Desert. (<https://sunnylands.org/visit-the-gardens/>)

Later that evening we enjoyed dinner with friends along Palm Canyon Dr.

A great day and a good getaway from the confines of home.

# CA Jaguar Clubs 2020 JCNA CONCOURS RESULTS

Due to the Covit-19 outbreak earlier this year the three Southern California Jaguar Clubs, Los Angeles, San Diego, and Inland Empire, were forced to postpone their annual Concours to October of this year.

We held two Concours on the weekend of October 3rd. and 4th., in the beautiful and quaint town of Idyllwild, California. The Concours field was on the grounds of the historic **Idyllwild Inn**. A location that has been used by the clubs for many years.

There were approximately eighty-five Jaguar members in attendance. Covit-19 protocol measures were in effect during the events which included a cocktail party on Friday and an Italian dinner on Saturday.

The Inland Empire Jaguar Club held their Concours on Saturday October 3rd followed by the Jaguar Owners Club Concours on Sunday October 4.

Two weeks later, October 17, the San Diego Jaguar Club held their Concours on the grounds of Classic Showcase restoration shop in Vista California. Again, attendance was close to ninety members from the three SoCal Clubs. The Saturday Concours was hosted by Tom Krefetz and his staff. Tom conducted tours of the various restoration departments of his award-winning Jaguar restoration business. Classic Showcase reputation worldwide is well known and seeing firsthand the professionalism of their premises only underscored the well-deserved reputation.

**I am happy to report that no one attending these Concours came down with COVID-19 symptoms, all participants practiced the guidelines, also a thank you to Mike Zavos and Ella for their thoughtful goodie bags which included additional face masks. Also, thank you to MOSS CLASSIC JAGUAR, Kevin Kastner, for their contributions. Also, a thank you to CLIVE COLLINS and XKS MOTORSPORT for their sponsorship of the awards dinner.**

**In reviewing the 2020 Jaguar Club of North America Concours National standings there were 27 participants. Of which 18 participants were members of the 4 California Jaguar Clubs. That is 67% of the attendees! Not too shabby!**

**Many thanks to all that attended and participated in these Concours and especially those club members who volunteered as Certified JCNA Judges!**

## JAGUAR CLUBS OF NORTH AMERICA MEMBERSHIP COMMITTEE 2.0

Dear Friends, Club Presidents, Membership Chairmen, and Newsletter Editors,

The **October 22, 2020 JCNA MEMBERSHIP COMMITTEE** Phone Conference was an enlightening and informative event. We appreciated your efforts to participate and sharing your ideas, insights, suggestions, and remedies to increase and retain local club membership and your support of JCNA. We tried to capture as many ideas as possible and issues that are challenging all 61 JCNA Clubs. The take-away was simply during this extraordinary time we are all experiencing we need to pull together and support one another and look to the future.

We are scheduling another phone conference/video on **DECEMBER 8-10, 2020** and will be conducted on three separate days. Divided into three TIME ZONES.

### **The PHONE CONFERENCE schedule:**

**EASTERN CLUBS on DECEMBER 8 at 1900-2100 (7:00-9:00 PM EST),**

[North East and South East JCNA Clubs]

**CENTRAL CLUBS on DECEMBER 9 at 1900-2100 (7:00-9:00 PM CST),**

[North Central and South Central JCNA Clubs]

**WESTERN CLUBS on DECEMBER 10 at 1900-2100 (7:00-9:00 PM PST)**

[North West and South West JCNA Clubs]

## The PHONE/VIDEO CONFERENCE AGENDA:

1. Review of OCTOBER 22, 2020 PHONE CONFERENCE
2. Tutorial on PASSPORT TO SERVICE by NEDRA RUMMELL, Chairman
3. Tutorial on the new JCNA WEBSITE features and how to use by JACK HUMPHREY, JCNA Webmaster
4. Tutorial on SOCIAL MEDIA, how to get started and keep it going by DONTE NEAL, 2<sup>nd</sup> VP JOCLA Membership Chairman
5. Electronic E BLAST and E Club NEWS formats
6. How we can be an asset to our local Jaguar Dealerships

We would also appreciate you suggesting subjects for discussion and will either include or discuss at the end of the CONFERENCE AGENDA. Also, please submit your ideas and successes to us via email so that we can share with all clubs. 2021 will be a challenging year for us all going forward and if we can support our membership with good ideas and events either in-person or virtually, we will have been successful in providing value to your clubs members and advertisers.

Greetings!

I am thrilled to announce that indiGO Auto Group purchased the Jaguar franchise from Alvarez Jaguar in Riverside in December of 2018. We have officially re-opened for business **as indiGO Auto Group's Jaguar Riverside** at the same location. Whether you are a former Alvarez customer or a Jaguar enthusiast, we look forward to exceeding your expectations at every turn.

It is an honor and a privilege to introduce our nationally acclaimed and award-winning Pride of Jaguar client service and passion to the Inland Empire. Jaguar's tremendous heritage and history is something we celebrate at the highest level at our Jaguar dealership in Rancho Mirage, California every day, and we look forward to bringing that same elevated enthusiasm for this iconic brand to your ownership experience.

In June 2019, we will begin construction on a new state-of-the-art facility, with a completion date set for January 2020. This new facility will enable us to bring the Land Rover brand to Riverside for the first time in history. Jaguar Land Rover Riverside will offer unparalleled access to the most desirable luxury automobiles in the world.

While indiGO Auto Group facilities are timelessly modern and offer incredible boutique experiences, our client satisfaction stems from our mission and five organizational certainties which include prioritizing continuous improvement, passionately honoring the heritage of the brands we represent, always maintaining a consciousness for uniqueness & authenticity, exceeding client expectations, and embracing change.

You can expect the ultimate concierge sales and service experience during our transition. Our executive team will be closely involved in day-to-day operations to ensure all of your needs are met and your questions answered. To contact the dealership directly, please call (951) 602-5481 or visit us at [www.jaguarriverside.com](http://www.jaguarriverside.com).

We look forward to serving you.

Sincerely,

Todd L. Blue

# Enjoy your Jaguar even more with a Membership in the IEJC

The Inland Empire Jaguar Club is a group of people that want to get the most from their Jaguar automobile and from their club.

This group of Jaguar owners enjoys frequent JCNA club-events, scenic weekend-drives, social gatherings at the classiest venues in the area, long walks on the beach... You get the idea – we like to have FUN. Plus, we host one of the finest annual Concours d’Elegance on the west coast to show off our prized cars.

The IEJC is a small club, and we need you to help make our organization grow. Please sign up today. Our Club is the host of the Wine Country Concours, a JCNA-sanctioned event that gathers Jaguars from all around the Southwest in October.

For detailed information on IEJC Events, please contact Mike Zavos at (858) 518-5898 or [m\\_zavos@hotmail.com](mailto:m_zavos@hotmail.com)
