2022 Judge's Training Update

Submitted by Philip DiTrolio, Chief Judge

Judges' training is scheduled for Saturday, August 20, 2022. This year we are exploring the option of offering training both in-person and virtually via Zoom. Your feedback is greatly appreciated, so feel free to contact me at jaguar@georgiaexpo.com and let me know which option works best for you.

New for this year: the long-promised changes to the rulebook have finally been approved, and we will now use the 2022 Rulebook. You can access it by following the Event/Concours link on the JCNA home page. In addition to the 2022 Rulebook, you will also

find the Significant Rule Change Synopsis, as well as the Refresher Training PowerPoint presentation. Please invest the time to study these three, as doing so will make better judges of us all!

I will provide further updates as we get closer to the training date; in the meantime, I would like to hear from you as to how we can make this year's training a more beneficial experience.

Remember, we need approximately 22 judges to put on a Concours, so even if you have never participated in the past, now is a great time to step up!

This Jaguar XK 'European' Is A £550k+ Limited Run Restomod *Full restoration and modernisation for another British classic* *By Vijay Pattni, Topgear*

This is officially called the Jaguar XK European; a fully restored and tastefully upgraded British classic built by the same team responsible for that delectable Lancia Aurelia Outlaw. And like that car, this one's a stunner.

It's the first car from Thornley Kelham's 'European' range that aims to transform old XKs into something resembling what a Jaguar skunkworks team in the 50s might have cooked up.

As with any good restomod it starts with a bad car, or in TK's words, a "derelict donor Jaguar XK" as a base. The Jag's 3.8-litre straight-six has been given a complete overhaul, including stuff like reboring the cylinders, bespoke cams and direct injection. There are two power options on offer, 300bhp and 340bhp, which is a sprite livelier than the original XK's 160-220bhp.

There's a five-speed 'box sending power to the rear via a limited slip diff, and new suspension too – double wishbones front and rear (replacing the leaf springs) complete with

Bilstein shocks and Eibach springs. Vented discs with four-piston calipers, too.

It's all wrapped up in that subtly redesigned body, penned by none other than Paul Howse, who also did something called a 'McLaren P1'. Yeah, us neither. Howse's work involves adding 'curvature' to the overall shape, lowering the roofline and gently sweeping the tail for more of a teardrop silhouette. Subtle changes, but noticeable, sure.

The arches have been widened too, more so at the back, for a gently staggered stance, filled with wider alloy wire wheels for full period effect. It's a cleaner design, incorporating things like bezel-less headlights, and rear lights sunk into the body.

We're assured the interior has been redesigned too; same dials (only positioned a little higher), with a surround now in aluminium. The seats sit lower and offer more comfort than the XK's original ones, and there's a new door panel design.

Depending on your view of these things, the addition

Highlands Motoring Festival June 9-12 Highlands, NC

Highlands Motoring Festival has grown from a one-day car show to a four-day and evening festival to become one of the South's most popular automotive events and was voted Best Concours by Classic Motorsports Magazine in 2019. Highlands Motoring Festival's greatest asset is the resort town of Highlands NC and its people. The village is a sparkling jewel during June, its high elevation ensuring cool summertime temperatures. The location, surrounded by mountains, national forests, and waterfalls, makes it rich with scenery, while high quality mountain roads attract

driving enthusiasts from around the world. For decades, Highlands has been a popular destination for golfers, hikers, and fly-fishers, and its vibrant Main Street is a blend of almost 100 shops, boutiques, and restaurants concentrated along a three-block stretch only steps away from the Highlands Motoring Festival show field. Highlands Motoring Festival is a 501(c)3 non-profit organization supporting local, human needs, charities. For information and registration go to <https://highlandsmotoringfestival.com/>

of electric windows and gauges, Bluetooth, air-conditioning, a rollcage and power steering are either a) the work of the devil, or b) superb.

All this work costs, of course, and while TK hasn't revealed how many it intends to build (noting only that numbers will be "strictly limited"), there is a price, and it's a big one: £550,000 plus the donor car, depending on spec.

Thornley Kelham co-founder Simon Thornley said the team's mission was to not only pay tribute to the heritage of Europe's post-war sports car landscape, but also to "develop them to meet the demands of the 21st Century driver".

Spring Drive TO Brasstown Resort... FANTASTIC

Submitted by Dave Kirkman

What's better on a pleasant spring day in April than a nice drive in the north Georgia mountains? When the drive is in a Jaguar on the way to a scrumptious buffet at the Brasstown Resort along with fellow club members.

I honestly don't know how many club members were in attendance other than to note it was one of the best attended drives in several years. I want to thank everyone whose good humor and patience helped me get the fifteen plus cars into reasonable groups (herding cats is not easy you know) so no one got lost... other than... well you know who... but Myrna Ruiz saved the day and the group followed Ivan in his

XK120 on to Track Rock School Road.

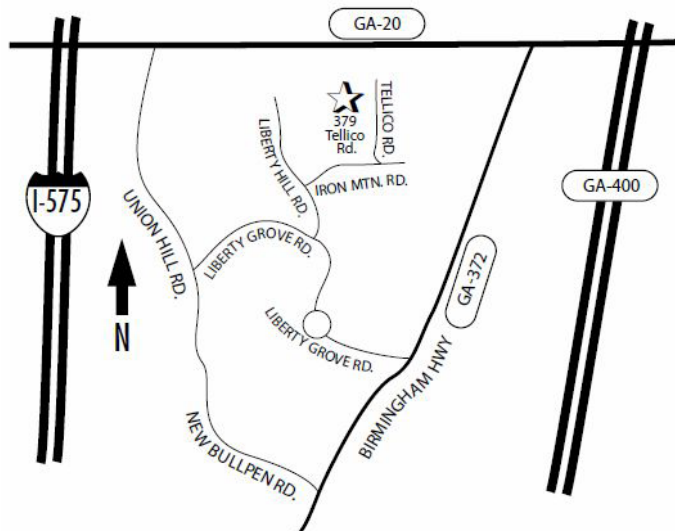

We encountered very little traffic and, despite each group leaving several minutes apart, we all caught up heading down from the Russell Scenic highway. What fun to watch a long line of Jaguars snake their way down the curves... indeed a beautiful sight.

We had a private room at the Brasstown Resort and the staff was excellent making sure the day was special for all of us. Again, thank each of you who made the day very special for all of us.

For Sale: 1972 XJ-6 Series 1.Owned 40+ years.

Offered By Brian Hernan

Total mechanical restoration 1986-89 to high performance standards with upgrade to British specs (2" S.U.s, etc.) at approximately 80,000 miles. Interior restored 1992 with Connolly magnolia leather. Dash and door caps were done in Brazilian rosewood. Exterior redone in 1993. Same condition today at 150,000 miles. It stays in my air conditioned office when not being driven. Maintained to the highest standards available. Driven regularly and is in shows often. The last trophied show: The Highlands Motoring Festival, Highlands, N.C., June 2021.

Sale includes Jaguar Heritage Certificate, 50+ trophies, some original artwork and records from about 1990 on. Also includes spares,

flannel car cover, seat covers, original steering wheel (Nardi s/w is on car), recently installed premium am/fm/cd radio with Bluetooth.

This Jaguar is stunning and is recognized as one of the best, if not the best, in the country, if not the world. If one wants the ultimate Series 1 as a driver, this can't be beat. This is not a JCNA show car (notwithstanding it was a class 10 North American champion.), it has too many non-original improvements. It is realistically priced at \$29,800.00. It would cost 2 or 3 times that much to duplicate it. ONE OF A KIND. Brian Hernan, 404-275-8200, near Atlanta.

For Sale: 2007 Jaguar XK.

Offered By Greg Walters Farragut / West Knoxville TN

I am the proud owner of a metallic liquid silver with black top and interior early production first year 2007 model Jaguar XK that has 10,860 actual miles from a private California collection that had been professionally maintained in "as-new" #1 original (not restored) condition for its first 10 years, which I bought last year

from the 2nd California owner who also kept the vehicle in pristine condition. I am offering it for \$34,000 including well over \$3000 in new extras. Please contact me at GWalters37922@gmail.com

Celebrate the Coventry Foundation Memorial Day Weekend *Submitted by Gary Kincel*

The Coventry Foundation, located in nearby Columbia, SC has enjoyed generous donations from across North America, some very valued ones from the North Georgia Jaguar Club. This Memorial Day Weekend we are receiving a very special one. . . . Roger Wright's beloved 1961 Mark II he has owned for sixty years. Remaining almost original it has traversed America eight times. He has kept a log book with dates and mileage of every single gallon of gas this vehicle has consumed in the last sixty years.

Roger appeared on our radar screen in 2018, when he was only 86. He had driven alone from Connecticut, by way of Montreal, to Santa Barbara for the third annual International Jaguar Festival. He had virtually no competition for the first annual Coventry Foundation Founders Award.

Roger has more recently driven the car from south Florida to Maine.

Roger is donating his beloved treasure to the Coventry Foundation May 28, 2022. There will be a dedication ceremony and a party. Several clubs in nearby states are coming and I am hoping the North Georgia Jaguar Club can continue its loyal support with a good showing. The Carolina Club will caravan to Columbia, and we will also celebrate the life of Jerry Ellison a dedicated Carolina Club and JCNA member. The South Carolina club and the North Florida club will also be well represented.
