**LETTER FROM THE PRESIDENT**

**A lot of meat and very little potatoes at this year's Judge's Meeting.**

Thank you Philip for running a very open and informative meeting. Getting the test out of the way before the meeting was a master stroke. We were able to focus on what is new with this years judging. Everyone was engaged and exchanged ideas on the finer points of judging a concours.

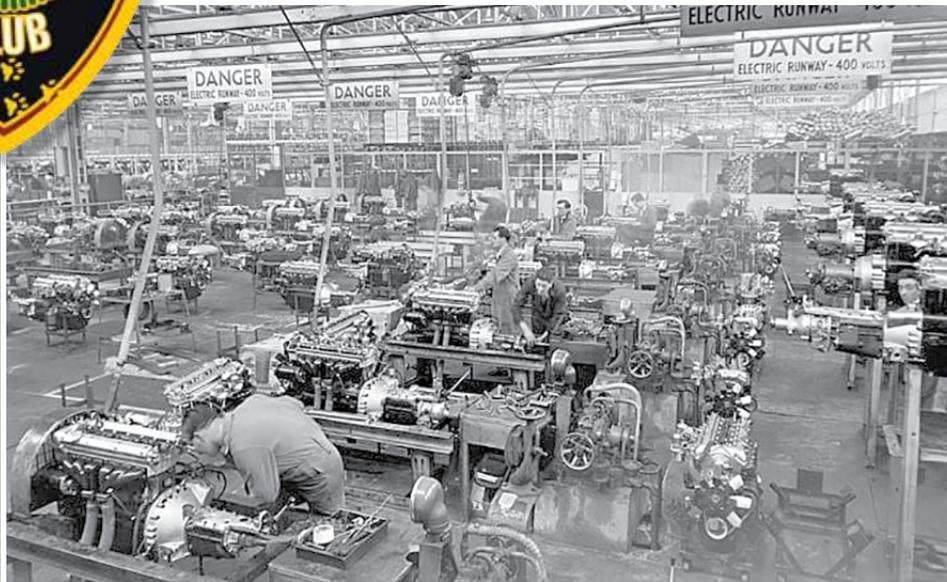

**Geography.**

I was talking to a club member recently at a Sunday morning car get-together. He mentioned that taking his vintage Jag out in the metropolitan Atlanta area even on a Sunday morning made him nervous. I'll bet there are a few members who feel the same way. I would like to put out a request for members on the East, West and South sides of Atlanta. How about hosting a drive to a park or restaurant in your area of town. Bring your ideas to the November Business Meeting for 2023.

**Registration is now open for this year's concours.**

Please contact Terry Mathewson tmathewson@bellsouth.net or Bill Flavelle bflavelle@att.net about helping out with non judging positions.

Happy motoring,  
John

**NGJC Concours 2022 Registration Deadline For Judged Cars Is September 30th**

*Submitted by Terry Mathewson*

The North Georgia Jaguar Club Concours 2022 will be held Sunday, October 30th at Georgia Expo, 3355 Martin Farm Road, Suwanee, GA. This is the site of Chief Judge Philip DiTrolio's business, and many of you will remember it as the site of Concours 2020.

Registration will close September 30th. Registration applications will be available at the club website, ngjc.us under the calendar tab for October events. Registering online is strongly encouraged, and greatly simplifies the record keeping process for all involved in planning the event. Due to the limited number of qualified judges, there will likely be a limitation on the number of cars we will be able to judge, so it is imperative that you submit your registration application as early as possible if you want your car judged. We will be judging cars and awarding trophies in Champion, Driven and Special divisions. As always, we strongly encourage all members

to bring their cars for display, and to join everyone for a great day of fellowship!

On the date of the event, we will begin receiving judged cars at 10:00 AM. OV inspection will occur immediately after you receive your registration package, after which cars will be directed to assigned parking. Judging will begin at 1:00 PM, and awards will be given at 3:00 PM.

You are invited to bring your own food and have a picnic on site! Tables will be available.

Additional information will be forthcoming as we work out final details. Please mark your calendars for the Concours, and plan to come spend a great day with friends and fellow Jaguar enthusiasts!

If you have questions, feel free to contact Terry Mathewson, Concours Chairman, at tmathewson@bellsouth.net, or by phone at (678) 332-7833.

**Atlanta Car Fayre**

**Saturday September 10, 2022 • 10 AM to 3 PM**

Our arrival and registration desk opens at 8:30 am. We try to keep the same marques together in one designated area, so your pre-registration and early arrival helps. However, we can only set aside a specific area, not an assigned space. We work very hard at this

on the show day!

- **Discounted advance online registration: \$25 first car, \$20 each additional car. \$20 first motorcycle, \$15 each additional motorcycle.**

**Southeast British Car Festival Dillard, Georgia - September 15-18, 2022**

*Submitted by Dave Kirkman*

This event draws British cars from multiple states and they have classes for Jaguars. I am registered to attend and can provide information about this event.

The Peachtree MG Registry invites you to join us this fall for a relaxing, southern-style weekend in the North Georgia mountains at The Dillard House in Dillard, GA. Old-fashioned Dillard House cooking is as mouthwatering as always. It's not fancy, it's just good! The porch swings and rocking chairs are perfect for visiting with friends and swapping stories – you'll feel right at home. The Dillard House offers it all with a family-oriented atmosphere.

Festival events are listed below. Other activities include horseback riding, swimming, tennis, and antiquing. For those who want to getaway, book a romantic "chalet for two", away from the crowd. September scenery in the mountains is not to be missed; enjoy it at a leisurely self-paced tour, or on a rally tour. A word of caution, September in the Georgia Mountains is very popular. Make your reservations early. Seating for the Low Country Boil and Awards Banquet is limited.

## Ice Cream Social...A Delicious Success

Submitted by Dave Kirkman

Peter and Janell Helman graciously welcomed us again this year to their lovely home and gardens to partake in a wide choice of ice creams and a variety of toppings that would make Baskin and Robbins proud. But what B-K doesn't have is Peter's homemade hot chocolate topping that is indeed a delightful treat (Check out the picture of the Helman boys and see if you can

identify Peter. *The recipe is also included in the photo*

The conversation was lively as the group mingled and I honestly lost count of everyone in attendance; but I do want to welcome Charles Morgan and his very special Jaguar XJ that he just acquired from the estate of Naomi Judd to the club.

### AWARDS & RAFFLE PRIZE DRAWINGS

Awards presented 1:30 pm at the DJ Tent. Our judges will carefully look at each and every car and award a plaque for what they, in their considerable experience, consider this year's overall

**"Best in Show". We will also present a special "Best in Show" award for the car selected from the featured marque, Land Rover. Motorcycles will also be expertly judged for their own "Best in Show".**

- Raffle Tickets – Purchase tickets to support our charity and for a chance to win generous

gift certificates and fabulous prizes from our downtown stores and restaurants.

### CAR BOOT SALE

Our introduction of this event was so successful we're bringing it back again! It's the British version of a yard sale, with everyone selling stuff from the back of their car or truck. Your vehicle doesn't have to be British born. If it has a "boot" (that's what we Brits call the trunk of a car) it qualifies. We assign one regular parking space and you can set up a table at the back of your vehicle if needed. The attendance at past Car Fayres has been more than 15,000 people, so pack your car or truck with anything you think might sell. It's only **\$20 per vehicle to enter and you must pre-register.** While you shouldn't expect to get rich, you'll have a lot of fun turning your used stuff into someone else's new

treasure. Previous sellers have all reported worthwhile results.

The 2022 Atlanta British Car Fayre will feature more classic British motorcycles than ever before, and we'll have a special section put aside to feature your two wheeled classics. We will also have a "Best in Show" award for our motorcycles!

Each year we select and support a charity and this year we are again proud to support the **Amanda Riley Foundation**. Last year, 2021, with much appreciated and generous donations from our registered car owners and supporters we were able to make a donation in November to the Foundation's Christmas Fund.

Barbara and Steve Riley founded the organization in memory of their daughter, Amanda, who was diagnosed with cancer at the age of 16. She bravely fought for her life for 405 days before passing in 2010. The Foundation works with families in the Atlanta area while they are in the midst of their battle with cancer.

We feel sure you will agree with us that this is a charity very deserving of our support. Please help us continue our donations! Every penny donated helps a child in the Atlanta area with cancer.

## Red Door Festival Car Show is Back!

Submitted by Jay Franklin

Many may remember that we had an all British car show at the Episcopal Church of the Holy Spirit in the fall in Cumming, GA, for a couple years. The show stopped because of construction associated with expansion of the church and then the pandemic. I am pleased to announce that the Red Door Festival and the car show will be back in 2022!

Please come enjoy the crisp fall weather and the British car

3rd Annual  
**All British Car Show**  
October 22<sup>nd</sup>, 2022

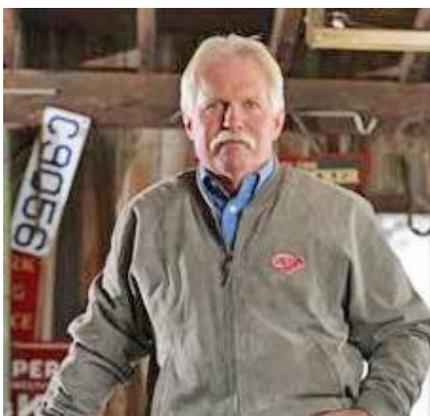

show that will happen again on Saturday, October 22nd, on the church grounds at 724 Pilgrim Mill Rd, Cumming, GA 30040. A flyer with more information is at <https://www.ecohs.net/reddoorfestival> with a registration form link at the bottom of the page. We look forward to restarting this gathering and hope for a good turnout from all the Atlanta area British car clubs.

## Hilton Head Island Concours Announces Master Restorer Wayne Carini As The 2022 Grand Marshal November 5 – 6, 2022

With a lifetime of experience in automobile restoration under his belt, master car restorer Wayne Carini has a resume that includes body and paint work on rare car collections owned by the likes of David Letterman, tennis great Ivan Lendl and the DuPont family. He has been featured in the New York Times as well as numerous automobile magazines, starred in two one-hour television specials on Discovery's Velocity channel and is the host of Chasing Classic Car on Velocity and now Motortrend.

Wayne's zeal for cars began when he was a child, working alongside his father on Duesenbergs, Lincolns, Packards, and Model A Fords. At the young age of nine, he went for his first ride in a 1960 Ferrari Rosso Chiaro 250 SWB, and his life was forever changed. He was bitten

by the Ferrari bug. Automobiles have been his passion and life's work ever since.

Discounted Tickets Available Until Oct. 9 <https://tickets.hhiconcours.com/p/tickets>

### CELEBRATING 20 YEARS THIS FALL

Each day of the event features a different collection, a different automotive art form, and each collection represents a moment in time that will never be repeated. An intricately designed multi-day curation in celebration of the art of the automobile is comprised of the Flights & Fancy Aeroport Gala, Car Club Showcase, Aero Expo sponsored by Club Car of Hilton Head, Legends of the Autobahn East, Austin-Healey Southeastern Classic, Satisfy Your Thirst Afterparty sponsored by Hagerty and the Hilton Head Island Concours d'Élegance

# Nashville Overnight

Submitted by John Yates

Traveling to Nashville by car through Chattanooga is never easy. Some of AJS group took the back scenic route out of Calhoun, Georgia and arrived at about the same time as we did using the interstate.

The Gaylord Opryland Resort does not disappoint. With several huge atria to explore there is plenty to take in and enjoy in each one. Our itinerary was very relaxed with plenty of time to visit with club members. Wednesday we met at the Falls Bar for happy hour before heading over to the Jack Daniels restaurant. Everyone was happy with the quality of dinner choices, the pricing and the topnotch service we received.

Thursday morning half of the gang went to downtown Nashville to take in the sites and observe the setting up festivities for the Formula 1 Race weekend. As luck

would have it I received a late morning e-mail informing me that the General Jackson Showboat was having mechanical problems and was not going to be able to leave the dock. They offered a discount on our tickets or a refund. After taking a vote everyone was agreed that we should take a refund. With that everyone was on their own for dinner and the evening.

Friday morning we all met in the lobby to set off for Lane Motor Museum. From bicycles, to airplanes, to automobiles this is a must visit for any enthusiast of rare and unusual transportation items. Jeff Lane and his wife met us and took us on a great tour of the showroom, and a look at the behind the scene areas. Special thanks to Ivan and Myrna Ruiz for making this possible.

## A Fascinating Cutaway Jaguar XK Engine To be offered on Friday, September 23rd, 2022 Without Reserve RM Sotheby's Gene Ponder Collection *Written by Ben Branch, Silodrome.com*

The Jaguar XK straight-six engine regularly features on lists of the top engines of the 20th century. It was an advanced design that had originally been conceived on the roof of the Jaguar factory by engineers on night fire-watch duty during the bombing raids of WWII.

The Jaguar factory was important for the Allied war effort, they were repairing military aircraft as well as supplying sidecars and trailers to the armed forces. The fire-watch on the roof regularly featured three of the company's most important engineers: William Heynes, Walter Hassan, and Claude Baily.

### Developing The XK Engine

In what was an act of remarkable optimism during the dark early days of WWII, the three men began planning a line of engines for post-war production. The initial plan was to develop a small 2.0 liter inline-four and a larger straight-six for their most luxurious and sporting automobiles.

Ultimately the inline-four "XJ" was built and tested, followed by the straight-six "XK" which was immediately favored for its excellent power output and its smooth operation. Heynes, Hassan, and Baily knew they needed to develop a future proof engine that could remain in production for many years without needing redesigning or replacement.

With this in mind they designed both the XJ and the XK with double chain driven overhead cams, vee-opposed valves, hemispherical combustion chambers, and a lightweight, cast aluminum cross-flow head.

### All-In On The Six

Ultimately the four-cylinder XJ engine would be dropped and a smaller six-cylinder

version of the XK would be developed with a displacement of 2.4 liters, one liter under the 3.4 liters of the first larger XK engines.

Remarkably the XK engine would remain in production from 1949 until 1992, a 43 year production run that saw the displacement increase from 3.4 liters to 4.2 liters, and larger still in the hands of privateer racers.

In the 1950s racing versions of the XK engine would win countless races including the 24 Hours of Le Mans, which it won twice in the C-Type and three times in the later D-Type.

The XK engine would power many of Jaguar's greatest post-WWII cars including the XK120/XK140/XK150. The aforementioned C-Type and D-Type as well as the famous E-Type, the Jaguar Mark 1 and Mark 2, the Jaguar S-Type, the XK6 and a number of others.

### The XK Engine Cutaway Shown Here

The XK engine you see here is essentially half an engine, cut after cylinder number three to show off the internal workings of Jaguar's most famous engine.

The engine has been cut open in many sections and the interior has then been painted with color coding to help show the engine's various functions. You can see directly into the SU carburetor, including into the float bowl.

You can also see into the distributor, into the cam covers, and perhaps most

importantly into the cylinder itself with the valves, piston, connecting rod, and crankshaft.

To register to bid you can visit the listing here <https://rmsothebys.com/en/auctions/gp22/gene-ponder-collection/lots/n1164-cutaway-jaguar-3-12-litre-partial-engine-with-stand/1246934>

## For Sale: 1972 XJ-6 Series 1.Owned 40+ years.

*Offered By Brian Hernan*

Total mechanical restoration 1986-89 to high performance standards with upgrade to British specs (2" S.U.s, etc.) at approximately 80,000 miles. Interior restored 1992 with Connolly magnolia leather. Dash and door caps were done in Brazilian rosewood. Exterior redone in 1993. Same condition today at 150,000 miles. It stays in my air conditioned office when not being driven. Maintained to the highest standards available. Driven regularly and is in shows often. The last trophied show: The Highlands Motoring Festival, Highlands, N.C., June 2021.

Sale includes Jaguar Heritage Certificate, 50+ trophies, some original artwork and records from about 1990 on. Also includes spares,

flannel car cover, seat covers, original steering wheel (Nardi s/w is on car), recently installed premium am/fm/cd radio with Bluetooth.

This Jaguar is stunning and is recognized as one of the best, if not the best, in the country, if not the world. If one wants the ultimate Series 1 as a driver, this can't be beat. This is not a JCNA show car (notwithstanding it was a class 10 North American champion.), it has too many non-original improvements. It is realistically priced at \$29,800.00. It would cost 2 or 3 times that much to duplicate it. ONE OF A KIND. Brian Hernan, 404-275-8200, near Atlanta.
