## President's message for May 2025

I can't believe it's June already. Seems like the year just started, and now, we're already nearly halfway through 2025. Not that I'm complaining; it's been a pretty good year so far, at least as far as our Jaguar club is concerned. We've had a bunch of terrific club events, starting with our first drive of the year, a two-hour ride in January over hilly east-bay roads that led us to the historic Joseph P. Grant Park on Mt. Hamilton Road where we enjoyed our brown-bag lunches. In mid-February, we were treated to a festive tea & champagne party at the Pebble Beach home of our esteemed JAGazette editor Kristan Neubecker and her mom Linda Humber. March was book-ended by two events, the first a scenic drive that ascended Mt. Tamalpais and ended with lunch in Valley Ford. The second March trip was to Clovis, where the local car club took us on a 100-mile drive through the wildflower-covered Sierra foothills. Next day, we participated in the annual Clovis British Auto Roundup, which, this year, celebrated the Jaguar marque. April's drive honoring of the life of longtime JAG member George Barry began in Gilroy, where we were privileged to view Sean and Patricia Rositano's impressive car collection. After a tasty catered lunch, we drove south to Cambria where we stayed overnight stay at the Cambria Pines Lodge. And last month, the club took another memorable drive through the east-bay hills, culminating in a tasty lunch at the Back 40 Texas BBQ.

Hopefully, you attended at least one of these wonderful drive events. If you didn't have a chance to do so, don't worry: There'll be plenty of opportunities to join us on one of our upcoming drives in the second half of 2025. In fact, a couple of those opportunities are already listed on our website ([www.jags.org](http://www.jags.org)), under the "events" tab.

The first is on Saturday, June 28<sup>th</sup>, when we'll start with a tour of Luxury Cars of Los Gatos, then we'll take a spin through the Santa Cruz mountains and end up having lunch at Pizzeria Vittoria (formerly Nonna's). The second opportunity is actually three events that take place during Monterey Car Week: It starts with a "Cars and Coffee" morning meet up at the Monterey Jaguar/Land Rover/Volvo dealer, followed by the Pebble Beach British Car Parade and lunch on August 10. The next day, we're having our "All British Car Show" in Carmel Valley. It only takes a few minutes to sign up, so why not do it right away?

Speaking of memorable drives, I must mention the amazing drive I went on while I was attending the Jaguar Club of North America's Annual General Meeting in Valley Forge, Pennsylvania (see pages, 7 & 8 for my full report). The nearly 75-mile-long drive meandered through the lush green rural back roads of Eastern Pennsylvania, traversing no fewer than five quaint covered bridges. It's a drive I won't soon forget.

Hope to see you at our next JAG event!

## 2025 AGM Report

*By Sandor Nagyszalanczy*

As President of the Jaguar Associate Group, I represented our club at the 2025 Annual General Meeting (AGM) of the Jaguar Club of North America (JCNA). This year's AGM ran from April 24<sup>th</sup> to the 27<sup>th</sup>. It was held at the Sheraton Valley Forge Hotel in King of Prussia, Pennsylvania, which is located about an hour and a quarter from the "City of Brotherly Love:" Philadelphia. The event was hosted by the local Delaware Valley Jaguar Club, which I must say, did an excellent job of planning and running the event. JCNA holds an AGM every year in a different city (our own JAG club hosted the 2023 AGM held in San Francisco). The 2025 AGM was attended by 156 people who represented Jaguar clubs from all over North America. Besides providing an opportunity for JCNA members to meet and mingle, the Annual General Meeting covers all aspects of the JCNA's operations.

To kick things off on Friday, the Delaware Club arranged an absolutely stunning drive over the rural roads of Chester County. Participants like me who didn't drive to the AGM were paired with local drivers and their cars. I was fortunate enough to get a ride from New Jerseyan Mike Eck in his drop-dead gorgeous two-tone-painted 1960 Jaguar Mark IX Saloon. The two-hour drive took us through the historic countryside and included a ride over five wooden covered bridges all built in the 1800s. The route meandered through the green rolling hills of Pennsylvania horse country, with the added spring attraction of countless trees (dogwoods, magnolias, redbuds, etc.) in full spring bloom. It was one of the most picturesque and memorable drives I've ever been on. We stopped for lunch at a quaint little eatery called "The Stables."

Friday night brought another lovely surprise: a pair of big buses whisked us down to Philadelphia, where we visited the Simeone Foundation Automotive Museum. This private museum has one of the world's greatest collections of racing sports cars, assembled over 50 years by Dr. Frederick Simone. Housed in a large warehouse, the historic cars on display included wonderful examples of C-type, D-type and XK120 Jaguars, all with significant racing pedigrees.

JCNA's formal business meeting took up most of Saturday, with committee reports and presentations on finances, membership, marketing, and discussions about changes to concourse judging rules. Attendees also voted in a new JCNA President (Mark Mayuga, of the Jaguar Owner's Club of Los Angeles) and Vice President (Dean Cusano, of the Jaguar Club of Southern New England). Late afternoon events included a number of tech sessions as well as a silent auction of automotive goods and memorabilia.

The AGM was capped off on Saturday night by a festive cocktail party and banquet which featured a keynote speech by Brandon Baldassari, the Director of Sales Operations for JLR (Jaguar Land Rover) North America. Brandon gave a slide show and talk about Jaguar's new direction in developing the all-electric Jaguar Type 00. We also heard a few words from non-other than Philadelphia's favorite son, Benjamin Franklin (OK, it was just an actor in period dress, but boy, that guy looked just like Franklin) Finally, JCNA presented its annual awards which covered a slew of different categories, including best website and best newsletter. I was pleased to see fellow Californian Nedra Rummel receive the prestigious Coventry Foundation Founder's Award for the Jaguar owner who best exemplifies the mission and core values of the foundation.

# JAG: EAST BAY DRIVE AND LUNCH AT BACK FORTY BBQ

## MAY 24, 2025

On Saturday May 24 a large group of JAG members meet up at the Castro Valley Community Center parking lot carving out a spot for 25 Jaguars and 5 Corvettes. Drivers all decked out in Hawaiian attire quickly changed the gray morning. Along with drive directions, a Hawaiian lei topped off the well-dressed group of drivers.

At 10:30 am on a cool grey spring morning in May, Stuart Smedley and his blue 2008 XJR exited the Castro Valley Community Center parking lot and headed north bound for Lake Chabot. Stuart was closely followed by a mix of Jaguars and Corvettes, 30 cars in all. Well, they were close at the start but Traffic Lights, Stop signs, Mechanical failure, sharp turns and navigational errors soon separated the convoy into smaller caravans. This was well before we reached the windy difficult parts of the route.

From Lake Chabot the route took us through San Leandro and then East on 98th Ave to Golf Links Rd and past the Oakland Zoo. Golf Links lead to Grass Valley Blvd. and then Skyline Blvd. Skyline is narrow, windy, and undulating, tree lined with many (unidentified) spring flowers. Frankly, Stuart was too busy driving, navigating, and paranoid about making a mistake to give the flowers more than a fleeting glance.

The roads were mostly clear of traffic since most other visitors to the area were already on the trail so our slow and winding convoy seemed to bother no one. This fact readily facilitated several “turn arounds” by each group of cars that missed a turnoff such as from Skyline to Grizzly Peak Blvd. Mistakes or not, the Jaguars seemed to be very frisky that day with the Corvettes following very quietly.

After about 20 miles of winding and undulating tree lined mountain roads we descended into Orinda and travelled North to Bear Creek Rd. On Bear Creek Rd we travelled East about 8 miles alongside the Briones Reservoir, a welcome straight road down a beautiful rural valley with ranches, farms, water, trees and rolling hills

After passing though the Alhambra and Reliez Valley roads and at the 42.2 mile mark we entered the town of Pleasant Hill and then a few miles more to the Back Forty BBQ. As far as Stuart could tell only about 10 cars made it through all the way with him. But everyone did get to the end and enjoyed a wonderful BBQ lunch. The San Antonio room was waiting for us with a full buffet of Pork ribs, BBQ chicken, ranch beans and two delicious salads, and more. No one left hungry! The 5 Corvettes and their drivers fit in very well with the JAG drivers and were welcomed to join us again.

This was a 90-minute adventure, and several people found it to be testing, especially since there were no stops. Stuart was glad to be in front. Deborah was glad to be following a corvette in the middle.

Is my car good enough for the show? Absolutely! As long as it is British. We welcome all makes, models, years, and conditions. No toothbrush cleaning is required (unless you want to)

Can I bring multiple cars? Absolutely! Please register for each show car separately

Do I have to bring a Jaguar? Nope, ALL British Marques are welcome, and this is a nice chance to see some of the other cars in various collections

How many cars will there be? We will have over 80 on the field at the show

Where will we park at the show? The show will be on the gorgeous lawn at Carmel Valley Park

Can I bring my neighbor? Of course, please tell all of your neighbors and share with any other clubs you are in, the more the merrier as long as registration is open

What can I expect to see? So far, our registrations include: Aston Martin, Austin Healey, Bentley, Cooper, Daimler, Jaguar, Jensen, Lotus, McLaren, MG, Morgan, Rolls-Royce, Rover, and Triumph

What will the weather be like? Who knows, bring layers

Where should I stay? Anywhere that fits your budget and has availability
