Jaguar		I-Pace	2018	2018-On

NOTES:

- (1) The S.S. I Coupe was re-styled during 1932.
- (2) This was the last side-valve engined car produced by the Company.
- (3) These and all new models, up to and including the Mark V, had o.h.v. pushrod engines.
- (4) The XK 120 and all subsequent Jaguars have had overhead camshaft engines.
- (5) Several of the D-types were subsequently run with 2.4, 3.8, or 3.9-liter engines.
- (6) Models also produced in Daimler variants.
- (7) Due to non-compliance with California Air Resources Board regulations, 1991 XJ-S models could not be sold there and 1990 models with identical Classic Collection specs and features were substituted.
- (8) Descriptive Terminology, e.g. "XK 120C" taken from factory literature.

Notes:
