                          Licensing Agreement  
                          Jaguar Journal  
                          Electronic Media  
                          Jaguar Foundation

DATE:        March 3, 2014

### Legal Concerns:

There are no internal or external legal concerns to report.

### Licensing Agreement:

Issues related to JCNA's Licensing Agreement and Jaguar Journal ownership and publication rights have been under discussion with JLR. Resolutions are still pending, although a recent telephone conference between respective leaderships will hopefully result in progress. JCNA submitted written proposals in August and September.

### Jaguar Journal:

Agreements for the Jaguar Journal Editor and Advertising Representative have been drafted and accepted, and additional work to update contracts with third parties, a media kit, and advertising contracts is to be expected in the coming months.

### Electronic Media:

As a Temporary Electronic Media Committee has been created to address website and other electronic media issues and updates, drafting or review of agreements related to the Committee's work is expected in the coming months.

### Jaguar Foundation:

A basic agreement to create a cooperative working relationship between JCNA and the Jaguar Foundation, Inc. is being drafted and shall be presented for BOD approval at the AGM.
