JANE 9/2017

Don and Mary Jane Tremblay. 62 SI E-Type OTS. C5/E1 -02. Protest was for cleanliness deductions which we advised we couldn't rule on. One area however was for excessive points deducted for exhaust manifold which we directed the club to return to the entrant.

NCJOC9/7/17

David Povich. 1950 XK 120. C2/120. Engine compartment was body color, whereas it should have been black. Showed him where body color option came later than his serial number, deduction allowed.

NCJOC9/17/17

Bryan Edwards. C/07. Protest was based on Judge not filling in blanks regarding location of deduction. We clarified that although it was a suggestion that Judge's do this, it does not say that they "Must" fill this area in, hence we couldn't rule in his favor.

SCJC 10/14/17

David Roth. 2016 F-Type. Entrants protest was for deduction of points for dirt on inside of wheel. We ruled against him since, similar to a wire wheel, spokes of alloy wheels allow judge to clearly see inside as well, hence it should be cleaned.

Respectfully submitted

Knick Curtis
