

NB-5A Redundant Slalom Classes

Eligible for JCNA North American Slalom Championship Trophies.

B. Non-Jaguars competing in open classes are eligible for local awards only.

Only JCNA members will have their times recorded as official times in the JCNA North American standings.

C. Only one North American trophy per year, per driver per class, is allowed, this being 1st, 2nd, or 3rd, based on their fastest single run in class. A driver may receive awards in multiple classes in the same year.

D. Choice of the class in which to accept an award is up to the contestant when eligible for North American award in more than one class.

"D" is redundant after the modification in "C". I would suggest in housecleaning, we delete "D". This can be added to the AGM agenda if SW approves. At this time, it poses a conflict of rules.
